

STUDENTS WELCOME DESK

IMPORTANT INFORMATION

Due to the high attendance this year, the Students Welcome Desk is strongly impacted, with a long waiting time for international students. We deeply regret this situation and make every effort, along with the services of the Préfecture du Rhône, to welcome you in better conditions.

ADDITIONAL TIME TO RENEW YOUR RESIDENCE PERMIT

You can benefit from an additional period for filing an application for a residence permit, a renewal of a residence permit or a renewal of a receipt, without any financial penalty.

We recommend that you postpone your visit to the Students Welcome Desk so that you do not have to wait too long.

TICKET DELIVERY SYSTEM

A ticket delivery system is set up at 8 AM in the morning, in order to allow you to return to different slots in the day, and not to wait several hours unnecessarily.
